TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Peterborough, in the County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town on Tuesday, the eighth of March next, at eight-thirty of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing.

Art. 2. To raise such sums of money as may be necessary for the maintenance of the poor, for the laying out and repairing of the highways, and for all other charges arising within the Town, and appropriate the same.

Art. 3. To raise and appropriate such sums of money as may be necessary for the support of the Fire Department and Public Library, and for Memorial Day.

Art. 4. To see what sum of money the Town will vote to raise and appropriate toward paying the Town debt and interest.

Art. 5. To hear the reports of Agents, Auditors and Committees or officers heretofore chosen, and to pass any vote relating thereto.

Art. 6. To see if the Town will vote to instruct the Selectmen to appoint a Police Officer, or as many as may be necessary, to preserve order in and about the public places of the Town, and perform other duties as may be required by the Selectmen, both day and night, and raise and appropriate money for the same.

Art. 7. To see if the Town will vote to accept legacies and gifts given to the Town in trust by any individual or individuals.

Art. 8. To see what sum of money the Town will vote to raise and appropriate toward the support of the Monadnock Region Association or take any other action relating thereto.

Art. 9. To see what sum of money the Town will vote to raise and appropriate toward paying for electricity, both for Power and Lighting purposes, to be used at the Swimming Pool on Union Street.

Art. 10. To see what sum of money the Town will vote to raise and appropriate for the suppression of Gypsy Moths, or any other insect pest, or take any other action relating thereto.

Art. 11. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.00) for the use of the Town History Committee.

Art. 12. To see if the Town will vote to place in the Capital Reserve Fund the sum of One Thousand Dollars ($1,000.00) from the Water Department receipts, to be used for major repairs, and maintenance of the Town Water System in the future, or take any other action relating thereto.

Art. 13. To see what sum of money the Town will vote to raise and appropriate toward the support of the Peterborough Band, or take any other action relating thereto.

Art. 14. To see what action the Town will take toward installing and maintaining a Community Christmas Tree and to see what sum of money the Town will raise and appropriate for the same, or take any other action relating thereto.

Art. 15. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Sixty-three Dollars and Eighty-nine cents ($963.89), provided the State give Three Thousand Eight Hundred Fifty-five Dollars and Fifty-five cents ($3,855.55) for road maintenance and construction of Class V Highway.

Art. 16. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars ($300.00) to pay for the installation of overhead traffic blinkers at the intersections of Main, Union and High Streets, also Grove Street, Bridge Street and Old Dublin Road, or take any other action relating thereto.

Art. 17. To see if the Town wishes to vote to relocate the Town Dump, or take any other action relating thereto.

Art. 18. To see if the Town will vote to authorize the Selectmen to have the inside of the Town House repaired and repainted, raise and appropriate money for the same, or take any other action relating thereto.

Art. 19. To see if the Town will vote to exempt from taxation the real estate owned and occupied by the Monadnock Community Hospital, to the extent of Five Hundred Thousand Dollars ($500,000.00), or take any other action relating thereto.

Art. 20. To see if the Town will vote to raise and appropriate One Thousand Dollars ($1,000.00) for the use of the Town Planning Board, to cover expenses of mapping the town, procurement of aerial photographs, preparation of planning studies

and the employment of personnel to carry out such studies as are necessary for the establishment of a plan for the orderly development of the Town, or take any other action relating thereto.

Art. 21. To see if the Town will vote to discontinue the highway formerly a part of the main road leading from Peterborough to Greenfield, from a point at the edge of the present highway leading to the Thomas Burke farm, nearly opposite the Frederick Greer summer residence, northeasterly to the present highway, or take any other action relating thereto.

Art. 22. To see if the Town will vote to raise and appropriate a sum of money for the reconstruction and widening of Winter Street, from Elm Street to Vale Street, or take any other action relating thereto.

Art. 23. To see if the Town will vote to raise and appropriate a sum of money for the reconstruction of Pine Street from the corner of Cheney Avenue to the Wilton Road, or take any other action relating thereto.

Art. 24. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a snow blower and loader, with mower attachment, or take any other action relating thereto.

Art. 25. To see if the Town will vote to raise and appropriate a sum of money for the reconstruction and widening of Main Street, or take any other action relating thereto.

Art. 26. To see if the Town will vote to raise and appropriate a sum of money to repair the so-called Morison Bridge near the residence of Fred P. Waite, or take any other action relating thereto.

Art. 27. To see if the Town will vote to raise and appropriate a sum of money for repairs to the bridge near Noone's Station at South Peterborough, or take any other action relating thereto.

Art. 28. To see if the Town will vote to raise and appropriate a sum of money to be used in the operation of the Peterborough State Pool and authorize the Playground Committee to cooperate with the Forestry and Recreation Commission in the management of the Pool, or take any other action relating thereto.

Art. 29. To see if the Town will vote to sell a piece of the Reservoir land, situated off Cheney Avenue at the rear of the residence of Harry M. Morse, the tract to be sold being 100 feet deep and 150 feet long, and to authorize the Selectmen to give a deed in the name of the Town, or take any other action relating thereto.

Art. 30. To see if the Town will vote to release its rights, if any, to the flow of river waters in the Phoenix Factory Canal and to authorize the Selectmen to execute an appropriate release in the pending legal proceedings in which the American Guernsey Cattle Club, Inc., is petitioner and the Town of Peterborough is named as a party defendant, to accomplish this result, or take any other action relating thereto.

Art. 31. To see if the Town will vote to authorize the Selectmen, or a committee appointed by the meeting, to enter into negotiations with the American Guernsey Cattle Club, Inc., and other interested parties concerning disposition of sewage and surface water which now flows through pipes in the bed of the Phoenix Factory Canal or in the canal itself, including authority to execute instruments for the purpose of effecting agreements which may be reached in the course of such negotiations, or take any other action relating thereto.

Art. 32. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's Deeds.

Art. 33. To see what sum of money the Town will vote to authorize the Selectmen to borrow in anticipation of taxes.

Art. 34. To see if the Town will transact any other business that may legally come before this meeting.

Given under our hands and seal this 21st day of February, in the year of our Lord, Nineteen Hundred Forty-nine.

REPORT OF THE BUDGET COMMITTEE, 1949

The Budget Committee has discussed and examined with the Selectmen, the Chief of the Fire Department, the Overseer of the Poor, a member of the Adams Playground Committee, and the School Board the budgets for the Town and School District as prepared for the year 1949.

Town Budget—Current Expense

The budget as presented by the Selectmen proposes raising the sum of $98,001.89, exclusive of amounts required for special projects. The estimated requirements for the current year exceed the appropriations made in 1948 for the comparable items by the amount of $1,609.85.

For the Highway Department last year the Town appropriated the sum of $36,300.00. The Department expended a total of $42,347.87, and received income of $9,204.75 for non-municipal work and services, resulting in net expenditures of $33,143.12. For the current year the Selectmen recommend a budget of $37,800.00. Assuming that income will be comparable to that of 1948, this appropriation would make available to the Highway Department a total of approximately $47,000.00. The Budget Committee does not consider it advisable that the Department be furnished with appropriations and probable estimated income in an amount exceeding by nearly $14,000.00 the net expense of the past year. The Budget Committee recommends that the appropriation for this department be reduced to $30,900.00 by revising the amounts of the following listed items:

	Estimate of Selectmen		Recommendation of Budget Com.
Patrol Account	$12,000	— $2,000	$10,000
Oil Account	10,000	— 2,000	8,000
Snow Account	10,000	— 2,500	7,500
Bridge Account	1,000	— 400	600
	$33,000	— $6,900	$26,100

In support of this recommendation, the Committee makes the following observations:

First: In the Patrol Account last year the Town actually spent in excess of receipts, about $8,350.00 of an appropriation of $10,000.00; it appears that the sum of $10,000.00 should be sufficient for 1949.

Second: In the Oil Account, the Town spent about $8,200.00. The price of oil has dropped, and the Committee believes that charges for private work of this nature can be somewhat increased, with the result that an appropriation equal to that of 1948 should be adequate.

Third: The 1948 appropriation for Snow Removal was

$11,500.00, of which approximately $11,300.00 was expended. Considering the fact that the expense of the department for the first six weeks of the year, in which normally the heaviest snowfall can be anticipated, has been certainly far below normal, it seems reasonable to expect that the sum of $7,500.00 will meet the expense of this item for the period.

Fourth: The 1948 expenditure for bridges was $561.51. It is believed that the recommendation of $1,000.00 made by the Selectmen should be reduced to $600.00.

Fifth: The Budget Committee is of the opinion that economies in the operation of the Highway Department can be effected by a closer supervision of the work of the Highway Agent by the Selectmen. One particular instance in which such supervision in 1948 could have resulted in a considerable saving is that of the work done on the Old Mountain Road from a point opposite the Callanan residence to a point about half way between the Elliston and French residences. On this road extensive work was done, apparently without the knowledge of the Selectmen. So far as the Committee can determine, this work was not undertaken at the request of any taxpayer.

The Highway Agent is responsible to the Selectmen for the execution of his official duties. It appears to the Committee that the satisfactory discharge of this responsibility requires that projects of the Highway Department be undertaken and conducted only in accordance with the written approval of the Selectmen.

The proposed budget for the Fire Department of $9,500.00 is approved by the Budget Committee, but with the recommendation that no part of this amount be used for the purchase of additional fire alarm boxes. The Department must restore and maintain its equipment in first class operating condition, and for this purpose the sum of $9,500.00 is believed to be no more than sufficient. The Department requires $500.00 of this amount to provide for payment during the current year of the salaries of the Chief, Deputy Chief, and Second Assistant Chief. The Fire House requires certain repairs. Furthermore, it is believed imperative that an auxiliary air tank be installed to guarantee the operation of the alarm system in the event of failure of the single tank now in use, which has long outlived its normal expectancy of useful life.

The Budget Committee approves and recommends the adoption of the budget as presented by the Selectmen, subject to the reductions discussed above.

Town Budget—Special Projects

The Committee recommends that the sum of $100.00 be raised as an additional share on the part of the Town in the maintenance and operation of the Peterborough Pool, in accordance with negotiations between the State Forestry and

Recreation Commission and representatives of the Selectmen, Adams Playground Committee, and the Budget Committee.

The Selectmen have obtained an estimate in the amount of $3,775.00 for the redecoration of the interior of the Town House. The Budget Committee is of the opinion that this redecoration is necessary and recommends that the amount of $3,775.00 be raised for this purpose.

The Selectmen have determined that the reconstruction of the bridge at the southerly end of Grove Street would require an expenditure by the Town of approximately $8,100.00. Investigation by the Budget Committee supports the belief that this bridge can be adequately repaired at a fraction of the Town's share of the cost of new construction. The Committee expects to be able to present an estimate of the cost of repair.

The Budget Committee has also investigated the cost of re-surfacing the bridge at South Peterborough, the study of which is continuing at the present time. It is believed that the repair of this bridge can be accomplished at a reasonable figure.

In the event that arrangements can be made with the State Highway Department for the rebuilding of Main Street, it is believed imperative that the Town appropriate funds for this purpose.

The Budget Committee has considered proposals concerning the widening of Vine and Winter Streets, the re-surfacing of Pine Street between Cheney Avenue and the Wilton Road, and the purchase of a snow-blower, and recommends that no appropriations be made for any of these purposes.

The Committee is of the opinion that Winter Street is now adequate to serve the traffic which it receives; that any project on Vine Street would be premature pending completion of plans concerning a proposed way between Vine Street and High Street; and that the extension of Pine Street beyond Cheney Avenue can be adequately serviced by patching the holes and by providing the necessary and proper efforts to maintain it in usable condition. The advisability of investing in the purchase of a snow-blower depends upon whether the use of this machine would result in economies sufficient to justify the capital outlay. Detailed comparison of costs of removal of snow by facilities now in use, and by those which would be required for efficient use of a snow-blower would be essential to intelligent action concerning this item.

It is understood that the Planning Board will request an appropriation to finance the expense of preparing and printing a map of the town. The Committee recommends that a sum not in excess of $1,000.00 be raised for this purpose.

School District Budget

The budget for meeting the requirements of the schools is more than last year. In each item, with few exceptions, increases are noted. There are, however, a number of factors

which are operating toward the increased demand for funds, chief among which is the gradual increase in the number of pupils. This condition will increase for some time. This increase in pupils has required the division of grades one, two and three and may continue into the succeeding grades. With each division of a grade an additional teacher is required and finally there arrives a time when the grade school no longer can provide space. It is this fact, combined with a second, namely, crowded conditions approaching in the near future for the High School Building, that has brought about previous committee studies and surveys in the past relative to building.

We believe the School Board has a proposal which will meet the present and approaching housing needs. It would appear to be the most economical solution. We, therefore, recommend the budget for current maintenance, and new construction at an estimated cost of $35,000.00.

This provides for an addition to the High School Building adjoining the rear of the gymnasium, approximately 78 x 74, which will house a shop 50 x 53, a home economics room 74 x 25, and a basement underneath the Home Economics room which will provide space for the High School lunch program. The addition will give adequate room for the Trade and Industries course now offered in the High School.

The space released will make possible classrooms for the fifth and sixth grades as needed when the grade school reaches its peak enrollment. Later, this same space will relieve the congestion in the High School as the series of larger classes enters the High School and the enrollment of the grade school subsides as is forecast by the figures available.

The amount for Repairs and Replacements has been increased from $2,800.00 to $4,600.00. This provides for a program replacing about one-fifteenth of the equipment yearly and in addition will provide funds for repairs on a yearly basis which should eliminate the raising of extra large sums occasionally for repairs. We believe keeping the school currently in repair is economy.

The program of renovation of the Central School Building which was commenced last year requires an additional appropriation for its fulfillment. The Committee recommends that the necessary funds be raised to complete the restoration of this building to satisfactory condition.

Our school program has been lacking in an adequate physical education program. We recommend the sum of $3,000.00 in the budget for a Physical Education director.

Budget Committee

REPORT OF THE BOARD OF SELECTMEN

To the Town of Peterborough

At the 1948 Town Meeting a motion was made that the Selectmen report on the motions made at that Town Meeting.

Article 2

The Town voted to discontinue the plowing of private driveways at the end of our contract period for the winter of 1947-1948. Accordingly the Board of Selectmen discontinued plowing of private driveways.

It was voted to install an emergency door in the main auditorium of the Town House. This has been done at a cost of $1,200.00.

Article 3

In accordance with the vote of the Town, a second assistant Fire Chief was appointed.

Article 6

The Selectmen, on March 16, revoked all police appointments that had been made in the past, and reappointed those whose names appear at the front of this town report.

Article 14

The annual cost of the installation and removal of the Christmas tree has steadily increased. However, for the 1949 season, we have made arrangements with the Highway Department to install our Christmas tree for about one-half the cost we are now paying.

Article 17

In accordance with the vote of the Town, a Planning Board consisting of six citizens and one selectman was appointed. The names of this committee appear at the front of the Town Report.

Article 18

This article provided for two additional lights, one at each end of the West Peterborough bridge, which have been installed. It was voted to install two lights on lower Summer Street, one light on Mercer Court, and one light on Nubanusit Lane. We are awaiting the installation by the Public Service Company.

Article 19

It was voted to permit the Selectmen to discontinue the Harrisville Road when the West Side road was completed and turned over to the Town. It is expected that the West Side Road will be completed by April, 1949, at which time the Harrisville Road will be discontinued.

Article 20

This article authorized the Selectmen to enter into an agreement with the United States of America with respect to building of the Flood Control Dam at West Peterborough. An agreement was entered into and copies are on file with the Town Clerk and the Board of Selectmen.

Article 22

This article provided for correcting any public highway erroneously laid out. This work is being studied and completed as rapidly as possible.

Article 23

The Selectmen are now issuing Taxicab Licenses in accordance with the Taxicab Ordinances adopted.

Article 24

The sum of $150.00 was raised for the installation of a Traffic Blinker at the corner of Main and Grove Streets. This has been installed at an expense of $205.97.

Article 25

It was voted to relocate the Town Dump near the Cook residence on Route 101 and the Selectmen were authorized to enter into an agreement with the owners of the land.

The Town Dump has been relocated accordingly and an agreement made with the land owners, which agreement the Town, at any regular Town Meeting, may cancel, and relocate the dump at some other location. The agreement is for a period of twenty (20) years.

Article 29

In accordance with the vote of the Town, the old Town Clock was disposed of by a gift to Mr. Wentworth of the New Hampshire Ballbearing Company.

State Swimming Pool

On October 7, 1948, the Board of Selectmen received a letter from the Forestry and Recreation Commission, stating that the Peterborough Swimming Pool had been permanently closed and that the State was requesting the Town to take over this Pool. At least three members of the Playground Committee read this letter within a few days after it was received. On October 11, the Selectmen answered this letter and requested information concerning the operating cost of the Swimming Pool. On November 9, the Selectmen called the Forestry and Recreation Commission again requesting these figures. The following day, November 10, the Selectmen again wrote the Commission for these figures. The figures were not forthcom-

ing, so again on December 11, the Selectmen again wrote the Forestry and Recreation Commission, requesting an early reply on the operation figures. Subsequently, on December 21, we received a letter apologizing for not giving us the figures sooner and enclosing the operating expense of the Peterborough State Pool for the years 1937 through 1948. The Board of Selectmen then arranged a meeting during January with the Adams Playground Committee.

At this meeting, the Playground Committee requested Mr. Myhaver, when he was in Concord, to ascertain all the facts he could concerning the Peterborough Pool. The result was that a conference with the Forestry and Recreation Commission, the Playground Committee and the Board of Selectmen was scheduled for February 9, which was the next meeting of the Commission. After a lengthy discussion among the various groups previously stated, and Major A. Erland Goyette who originally owned the land on which the Pool is situated, the Commission decided to reopen the Pool, provided the Town would contribute more money each year.

The suggested contributions would be $100 more for the first year, $200 more for the second year, $300 more for the third year, and so on until about the fourth or fifth years, when the Town would be expected to take over the Swimming Pool and operate it at its own expense.

In addition to this, it was requested that the Playground Committee exercise more supervision each year, over the Swimming Pool. An article will appear in the Town Warrant to provide the voters the opportunity to express their opinions on this subject.

In perusing the Selectmen's file, we find a letter addressed to Harry F. Smith, chairman of the Board of Selectmen, dated February 18, 1946, and with a notation that a carbon copy was sent to Beland H. Peirce of the Adams Playground Committee, stating that the Forestry and Recreation Commission were requesting the Town to take over the Peterborough Pool. We find also a copy of a letter dated February 19, 1946 stating that this matter would be taken up by the voters in an article in the March 1946 Town Meeting. From the records available, we cannot find where anything was placed in the Warrant for the voters to discuss the transferring of the State Pool to the Town of Peterborough.

Phoenix Mill Canal and Dam

The Board of Selectmen had a notice served on them, returnable to the February 1949 term of the Superior Court, that the American Guernsey Cattle Club wished to remove the Phoenix Mill Dam, also to stop the water flowing down the canal alongside the Town House.

We have requested an attorney to enter an appearance for the Town of Peterborough and have placed an article in the Warrant that the voters might discuss this issue and give directions to the Board of Selectmen.

Office Hours of Selectmen

In the December 9, 1948 issue of the Peterborough Transcript a notice was inserted that, effective January 3, 1949, the Selectmen would be in session in the Selectmen's room every Monday from 2 to 4 p. m. This notice was inserted for the purpose of notifying anyone who wished to present any problems to the Town, that there would be a full Board meeting on Mondays, and they were welcome to come in and discuss the problems with the Board of Selectmen.

Articles in 1949 Warrant

You will find several articles in the Warrant calling for extra appropriations over and above the regular budget. Please remember that, before you can vote on any subject, there must be an article in the Town Warrant. Therefore, we have inserted several articles in order that the subject matter could be brought up for proper discussion and, by inserting these articles, it does not mean the Board of Selectmen have taken any stand for or against the individual articles.

Respectfully submitted,

George A. Myhaver
Raymond C. Parrott
Carey A. Walbridge
Selectmen of Peterborough, N. H.

Dated: February 18, 1949.

False Alarm	1	
	—	46

Peterborough was fortunate in not having any serious or expensive fires during 1948. The largest expenditure of the Department this year was for a complete overhauling of the fire alarm. A new compressor and mechanism in the tower of the station was installed, the old equipment being in a very hazardous condition.

The Department, Chief, and Assistant Chiefs wish to extend their appreciation to the people of Peterborough for their fine cooperation in safeguarding against and preventing serious fires, and I express my thanks to all members of the Department and Assistant Chiefs for their excellent support during the year.

David J. Rochford, Chief

Report of Police Department

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my annual report for the year ending December 31, 1948.

Statistics on Arrests

Number of persons arrested, male	89

Report of the Librarian of the Town Library

To The Trustees of Peterborough Town Library

Herewith is presented the report of the librarian for the year 1948:

Town Library

Number of volumes purchased during year	582
Number of volumes acquired by gifts during year	131
Number of volumes discarded during year	402
Number of volumes now in library	27,177
Number of volumes circulated during year	20,343
Number of pictures circulated during year	69
Number of volumes repaired during year	283
Registrations during year	235
Reading room attendance	5,381
Periodicals and newspapers bought for reading room	61
Periodicals and newspapers given to reading room	14

Appreciation is hereby expressed to the following friends of the library who have remembered it with gifts of books, magazines and flowers:

Books: American Christian Palestine Committee, Mrs. Larz Anderson, Mr. John Henry Bartlett, Mrs. C. F. Batchelder, Mrs. G. W. Benedict, Mr. Ernest Bernbaum, Board of Governors of the Federal Reserve System, Cheney-Armstrong Unit No. 5 American Legion Auxiliary, Mrs. George E. Clement, Climax Molybdenum Co., Mrs. Warren I. Coulter, Division of Public Documents, General Electric Co., Mrs. Horace D. Gilbert, Girl Scout Association, Miss Ethel C. Grimes, Mrs. William G. Hunter, Miss Esther Jackson, Keene National Bank, Mrs. William S. G. Kidder, Mrs. Harrison Kimball, Mr. William F. Mack, Mrs. William McGreal, Rev. James E. McKee, Mrs. Leonard A. Merrill, Miss Elsie M. Reed, Mrs. Percy P. Russ, Mrs. George A. Sagendorph, Secretary of State of New Hampshire, Selective Service System, Miss Anna Bird Stewart, Union Congregational Church, Mrs. Sam Bass Warner, Prof. Carleton A. Wheeler.

Extra magazines: Miss Esther Jackson, Keene Evening Sentinel given library this year, Rev. James E. McKee, Miss Frances N. Nightingale.

Flowers: Mrs. Elwood Aldrich, Mrs. Charles W. Harrington, Mrs. J. Norton Hunt, Mrs. William G. Hunter, Miss Anna L. Jaquith, Mrs. Richard E. Simpson, Miss Etta M. Smith, Mrs. Smith P. Theimann, Mrs. Fred P. Waite.

I wish to begin my report by quoting from part of the "New Year's Resolution" or the "Library Bill of Rights," as

formulated by the Council of the American Library Association: "As a responsibility of library service, books and other reading matter selected should be chosen for values of interest, information and enlightenment of all the people of the community. In no case should any material be excluded because of race or nationality or the political or religious views of the writer, or removed from library shelves because of partisan or doctrinal disapproval."

All grades from the Central School have visited the library the past year, and during Book Week there were special displays of books at the Public Service Store and at the library where true stories of the Little Captives who lived in Deerfield, Mass. at the time of the French and Indian War, were told the children by Mrs. Hunter and Miss Jaquith. The stories being illustrated by a model scene of same, arranged by the librarian.

As in former years, a large number of books for supplementary reading have been loaned the schools; thus reducing the expense to the School District of buying these extra books.

The same as last year, we loaned our Christmas Creche to one of the grade teachers for use during the holiday season; and gave the New York Sunday Times, together with pamphlets and magazines to the High School.

The Methodist and Congregational Churches have added children's sections to their State Reading Lists. The books are kept at the library in a special section.

This year the English classes have visited the library several times for reference work; also for a project, which was making plans of the library rooms.

At the request of the Headmaster and English teachers at High School, the library has opened from twelve to one o'clock, one day a week, for the bus pupils. An invitation was extended to the bus pupils of the Central School. These children certainly have enjoyed this privilege, as anywhere from thirty-five to forty-five come each week.

The Cheney-Armstrong Unit No. 5 American Legion Auxiliary have a shelf of books which they have given to the library. One book a month being added. This shelf seems to be greatly appreciated.

The public may not know that the library is glad to borrow any books from the State library that we do not have, also to lend books to other libraries, provided the request is accompanied by a note of permission from their librarian.

Mrs. MacDowell has given the manuscripts of the MacDowell Pageant music to the library, with the understanding that they will be preserved for special use only.

We hope and feel that much may have been accomplished, this year, and "When we have plenty of books around us, books of our own and books on the long shelves of our libraries, there can be no dull hours if we take advantage of this privilege."

Respectfully submitted

MARTHA E. CUTLER
Librarian

AUDITORS' REPORT

We have examined the accounts of all Town Officers, Committees and others having charge of moneys, for the year ending December 31, 1948, as required by law, and find them correctly cast and properly vouched.

We have not examined the James Smith Fund nor the Weston Memorial Fund, as these funds are not held in the name of the Town.

THOMAS S. NICHOLS, JR.

ROBERT W. FORTIN
Auditors of the Town of Peterborough, N. H.

February, 1949.

Report of the Adams Playground Committee

Season of 1948

The past season at Adams Playground was one of the most successful in many years. We were fortunate in obtaining Mr. Milton C. Burton of Keene as supervisor and Mrs. Barbara Carll as his assistant. Mr. Burton handled the general program and Mrs. Carll supervised the arts and crafts, which is getting to be more popular each year.

The attendance at the playground this year averaged 90 children per day. This figure does not include the many children from the surrounding towns who were invited to participate in the various sports with the Peterborough children.

In accordance with the motion at Town meeting, the left field was filled in, at a total cost of $500.00. We were anxious to have more of the field graded, especially in the area of the swings and teeterboards. However, the additional cost of doing such was not within our appropriation. This work was done as early as possible in order that it would be ready for the playground season. However, because of such a wet spring, the area filled in did not dry out as early as was hoped. Consequently there was considerable delay in using that area. The increased playing surface will be more appreciated this year.

Because of the increased number of children taking advantage of the playground this past season, we found it necessary for the supervisor and his assistant to put all their time with the children. We therefore found it necessary to hire additional assistance in cutting brush, mowing the tall grass and keeping the baseball diamond mowed periodically. We all agree that possibly it wasn't kept up to professional shape. However, with our expenses being kept to a minimum, we had to overlook a lot that we wanted to have done. It is the hope of the committee that possibly the Town Team will undertake the responsibility of the diamond this coming season. We feel sure that they have been more than grateful for the use of the field for their numerous games and feel that they would want to see the diamond is in tiptop shape. A little effort on their part will give them what we have been unable to furnish because of the extra personnel it would require.

With the financial assistance of the Teen-Age Activity Committee, we were able to carry our program further than usual. They contributed approximately $250.00 worth of equipment, materials and supplies, the major item being a large canvas which is used to shade the arts and crafts hut. They also contributed two trophies which were awarded to the most outstanding girl and boy at the playground during the season. The winners this year were Patricia Bailey and Bernard Cutter.

Another new feature this year was the awarding of "Adams Playground" emblems to boys and girls who showed "Good

Citizenship" during the season. These were awarded every Friday, and approximately 45 were winners of these emblems this past season.

Highlights of the season were hikes, cook-outs, pet shows, several out of town playground visits and the Adams Playground day to climax the program. The out of town trips were possible through the generosity of several parents who furnished their cars, and also the Verney Corporation who donated their truck.

This year all bills were approved by the Adams Playground Committee and paid by the Selectmen. A complete list of expenses will be found in the Town Report under Selectmen's Details.

The staff at the State-owned Pool consisted of Mr. Robert Michaud, Mr. William Smith, Mrs. Gertrude Stevens, Miss Ruth Towle and Lloyd Reynolds. A big event this year was the Swimming Meet, with awards being donated and presented by Major Goyette. The attendance at the pool this season was exceptionally good and several American Red Cross Life Saving Certificates were issued. The complete cost of the operation of the Pool was approximately $3,000.00, which was paid by the State of New Hampshire.

The two houses at the Adams Playground have been badly in need of repair and the committee hopes to have this work done this year.

We wish to express our appreciation to the various groups and private individuals who donated gifts of equipment, use of cars and financial assistance. We also wish to thank Chief Picard for his help and the Selectmen for their cooperation in making our season successful.

Respectfully submitted,

WALTER H. O'MALLEY, Secretary
Adams Playground Committee

REPORT OF UTILITIES COMMITTEE

At the last Town meeting, your Utilities Committee was instructed to prepare and submit a plan for adoption, for making water main extensions.

We have studied the procedure used by several towns and cities and the recommendations of the Public Service Commission, and report as follows:

Extensions will be made to existing mains provided:

A. The highway in which extension is to be located has established grade and has been dedicated to public use.

B. Extensions to be made by petition on forms furnished by Water Commissioners.

C. On acceptance of the project, 80% of the cost thereof shall be borne equally by the petitioners and 20% by the Town. The 80% to be borne by petitioners shall be paid at the rate of 4% per annum for a period of twenty years (20 years) in addition to annual charges as specified in the rate schedule.

D. The investment charge will be assumed by new owners upon transfer of property, but subject to proportionate reduction as new service pipes are connected to the extension. New users of the extension shall bear a proportionate part of the investment charge then remaining.

E. Whenever a question arises involving the interpretation of this petition or accompanying contract, such matter shall rest with the final decision of the Water Commissioners.

F. The extension will be installed by, and be the property of the Town.

Respectfully submitted,
EDWARD N. LARRABEE, Chairman
KARL B. MUSSER
THEODORE W. GUNN
WINSLOW C. MORSE
CAREY A. WALBRIDGE

School Nurse, OLA H. MYHAVER, R. N.

B. Administrative Policy

The past year has brought a noteworthy increase throughout the United States in the interest taken by parents and other laymen in the part our public schools play in the formation of the pattern of our society. One evidence of the interest in this area is the increased activity of Parent-Teacher Associations.

Each district in this supervisory union, except Sharon which has no school, now has an active working P. T. A. These organizations have evidenced high interest in pupil welfare by the exceedingly effective work they have done in supporting their major project this year—the school lunch program.

It is the recognition of the need of the combined efforts of all —teachers, school boards, parents and superintendent— working in close cooperation that has made it possible to

accomplish so much. The welfare of boys and girls will be served continuingly better as we gain new experiences in cooperative study and planning toward that high goal. There is much to be done but real accomplishment can be seen when there is a concentration of effort upon each specific problem. The development of our schools as the foundation of our society is the responsibility of each and every one of us as a member of that society.

C. Administrative Organization

Judging from the number of questions asked your superintendent of schools regarding the administrative organization of this supervisory union, it seems appropriate to devote a small amount of space in this report to this subject.

This union, known as the Peterborough-Jaffrey Supervisory Union No. 47, is one of the 48 of which the state is comprised and is composed of six school districts: Peterborough, Jaffrey, Dublin, Hancock, Rindge and Sharon. The following table of facts should be of interest:

Dist.	Schools	Pupils	Reg.	Spec.	Nurses	Physician	Workers	Janitors	Transporters
Peterboro	2	482	19	4	1	1	3	2	1
Jaffrey	2	541	24	3	1	0	4	2	5
Dublin	1	87	4	2	1	1	1	1	4
Hancock	2	109	7	2	1	1	1	2	1
Rindge	3	79	4	2	1	0	0	3	7
Sharon	0	0	0	0	0	0	0	0	1
Totals	10	1298	58	6*	2*	3	9	10	18*

*Not including duplications

The governing and directing bodies of the respective schools are the six school boards and the board of trustees of Hancock High School for whom the superintendent serves as educational advisor and executive officer. It is significant to note that in the performance of his duties he is responsible for the supervision of these 106 employees who constitute the working staff for the operation of the educational program for the 1298 pupils enrolled.

The teaching staff as listed in last year's report continued through the school year without change. At the close of the year Miss Shinkevich withdrew and Miss Annette M. Dupuis of Plymouth, N. H. was elected to replace her as teacher of social studies in grades 7 and 8, and to take over the coaching of girls' athletics, which assignment had been carried previously by Mrs. Ruth Craig. Another vacancy occurred late in the summer when Mrs. Carll resigned. For this position Mrs. Dorothy C. Morris was elected.

	Total	Gr. 1-12	480			

During the year four Peterborough teachers, Mrs. Crittsinger, Mrs. Kendall, Mrs. Teed and Miss Thomas, completed the Keene Teachers' College Extension Course for Social Studies to improve their professional background. During the past summer Mr. Lambe studied at Boston College and completed courses in advanced French and Education. These teachers are to be commended for their interest in seeking professional improvement.

At the Christmas vacation, 1948, Mrs. Trufant resigned as teacher of Grade 5 at the Central School and Mrs. Helen R. Decker of Newtonville, Mass. with teaching experience in Berlin and Lincoln, N. H. was elected to fill the vacancy.

Headmaster Faunce makes the following interesting statement regarding the high school:

"It has been necessary to make but two replacements in the regular staff of the High School in the past two years. The gains derived through such a small turnover, both through the retention of experienced and superior personnel as well as through the inherent improvement of pupil-teacher relationships are of considerable proportions in evaluating the school and its outcome. As no academic institution can be better than its instructors, it is heartening as well as revealing to note the apparent advantages, economical as well as social, that our teachers are discovering in this fine community. It is hoped that the community will in turn understand its resulting gain and continue the excellent spirit of cooperation exhibited in the past.

"Nearly all of our teachers are carrying extra heavy schedules —teaching or conducting study halls each period of the school day. Such schedules allow for practically no individual pupil assistance or consultation and deprive the whole school of a much needed activity program. Pupils participating in many of the school's present worth-while programs such as orchestra, glee club, art, etc., often incur conflicts in their regular schedules due to the overloaded instructional program. The school is now being administered with one less teacher than in 1945-46, and yet the gain in enrollment above that school year is approximately twenty-five pupils. No provision is being made through the services of a trained teacher for the physical education of any of our youngsters beyond the eighth grade other than to that small group which participates in athletic activities.

"In consideration of the foregoing, it is strongly recommended that one more teacher be added to the staff in order to alleviate to some extent the problems confronting us."

B. Program and Methods

One of the most important changes in the instructional program during the past year was the introduction last fall of an organized program in art. Mr. Filbin is now employed as

supervisor of art for the whole supervisory union. Peterborough's share of his time is one and one-half days per week. All pupils in grades one through eight are participating in the program and about twenty pupils in the senior high school are taking an elective course in art. Pupils are receiving the new opportunities with high enthusiasm. Much of the interest is due to Mr. Filbin's unusual skill in stirring each pupil to see in his everyday living experiences the vital part art plays. This improvement in the school program is giving Peterborough boys and girls significant help toward attainment of a stable emotional life.

A second important addition to the instructional offering is the federally aided Trades and Industry course at the high school. The specific course being offered this year is in metal work and related subjects of mathematics, science, drawing, etc., and has about fifteen junior and senior boys enrolled. In order to meet the Federal requirement and receive reimbursement for 50% of the instructor's salary for the time he devotes to the class (about $800 this year) it meets three hours per day from 8:22 to 11:22 five days per week. If the proposed shop expansion materializes as recommended in another part of this report, the alternating course in Auto Mechanics can be offered next year, thus making it possible for those boys desiring to do so to have two consecutive years of concentrated shop training.

Last fall a cooperative plan was developed with Boston University Sargent School of Physical Education for Women whereby the local physical education program received some stimulation of interest and help by having two cadet teachers, seniors at the University, do a period of practice teaching under the supervision of our teaching staff. The two young ladies, Virginia Monnat and Claire MacArthur, were exceptionally cooperative and capable and provided some much needed help in return for the training they received. The connection with Boston University is being continued through the second semester of the current year, but with one cadet teacher working at the Central School and one at the Dublin Consolidated School. If Peterborough sees fit to employ through its school and town organization a full time Director of Physical Education and Recreation as is being proposed, these cadet teachers can help materially in carrying on an effective physical education program and in turn receive valuable training under competent supervision.

PART III. SCHOOL PLANT

One of the special appropriations last March was for providing a recreational area and parking lot at the high school. The necessary grading was done during the summer but the late summer drought prevented proper seeding. Sufficient money is still held in reserve for this. Students and teachers are looking

forward with keen anticipation to the full use of this new facility in the contemplated broad physical education program.

A major factor in the child's educational environment, second in importance only to the teacher, is the school plant. In the last few years Peterborough voters have done much talking about and surveying of school buildings in an effort to find a way to improve in a satisfactory manner the existing facilities. Last March definite action was taken by authorizing an expenditure of $25,000 at the Central School. This has done much to improve the physical environment of pupils and teachers at that building. This experience may have been doubly valuable if it is regarded as showing the way toward the formation of continuing a program of improvement.

That the present over-sized classes will not be relieved in the next few years except by providing additional classrooms is indicated by the following table of anticipated enrollments.

Anticipated Enrollments

Year	Gr. 1	2	3	4	5	6	7	8	9	10	11	12	Totals
1948–49	45	43	39	32	38	37	34	36	58	41	45	32	480
1949–50	37	45	43	39	32	38	40	36	50	57	40	44	501
1950–51	29	37	45	43	39	32	41	40	50	49	56	39	500
1951–52	22	29	37	45	43	39	35	41	56	49	48	55	499
1952–53	43	22	29	37	45	43	42	35	57	55	48	47	503
1953–54	53	43	22	29	37	45	46	42	49	56	54	47	523
1954–55	45	53	43	22	29	37	48	46	59	48	55	53	538
1955–56	?	45	53	43	22	29	40	48	64	58	47	54	?

Translated into facilities needed these figures suggest that it would take ten classrooms to meet optimum needs for grades one through six for the next few years. It is generally realized that the present use of only seven rooms causes very serious over-crowding with classes of 37, 38, 39 and 40 in the various rooms. A rather careful study of the problem does not produce a feasible suggestion for providing the desirable ten rooms, but the use of eight rooms for these grades does seem entirely possible by next September. This can be done by moving the sixth grade to the high school. The Home Economics room at that building could be thus used if an addition were built to house the shop and Home Economics laboratory. This would still leave two classes of 37 and 38 respectively which are much too large for the pupils to get any reasonable amount of individual attention. The following year the present sixth grade room could be divided as the second grade room was two years ago and another teacher added to provide eight teachers for grades one to five. This would make from 22 to 28 pupils per teacher in these grades which would give every pupil a fair amount of teacher time.

At the high school the greatest immediate needs are for additional space for the Trade, Industrial and Mechanic Arts work, and for a lunch room. The present shop is woefully inadequate for the approximately 35 seventh and eighth grade and 40 senior high school boys presently enrolled in shop courses. Modern standards require about 100 square feet per pupil of total shop space for planning and drawing, woodworking, metal working, finishing and painting, storage, and conferences. A study has shown it to be entirely feasible to build a one-story addition with partial basement onto the easterly end of the auditorium-gymnasium of sufficient size to provide a shop, a Home Economics suite of required size and a lunch room. The shop would be approximately 50 x 53 ft., and the Home Economics rooms equivalent to two standard classrooms, 24 x 72 feet. The lunch room would be in the basement under the Home Economics rooms. The cost of this addition is estimated at $30,000 to $35,000.

As has been suggested above the present Home Economics room could be used for the sixth grade. The present shop could be converted into an administrative center to permit the present offices to be used as regular classrooms. As the enrollment in the 7th and 8th grades is likely to be close to 40 to a grade during the next few years and run up to 46 to 48 within five years the additional classroom space will be urgently needed.

Your superintendent of schools recommends that the necessary action be taken at this March meeting to bring about the development of these plans.

PART IV. FINANCE

A. Annual Report of District Treasurer

Fiscal Year Ending June 30, 1948

Cash on hand June 30, 1947		$93 76
Received from Selectmen:		
Appropriations for current year	$64,550 00	
Dog tax	401 06	
Income from trust funds	600 00	
Received from State Treasurer	5,578 97	
Uncashed checks returned to balance	11 21	
Received from all other sources	9,343 59	
		$80,484 83
Total Amount Available for Fiscal Year		$80,578 59
Less School Board Orders Paid		80,063 40
Balance on Hand as of June 30, 1948 (Treasurer's bank balance)		$515 19

July 20, 1948 s/ Robert W. Derby, District Treasurer

Auditors' Certificate

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Peterborough, N. H. of which the above is a true summary for the fiscal year ending June 30, 1948 and find them correct in all respects.

B. Financial Report of The School Board

For the year ending June 30, 1948

Receipts

Federal Aid		
Smith-Hughes and George Deen	$508 17	
National School Lunch	73 04	
		$581 21
State Aid		$4,997 76
Local Taxation		$64,550 00
From Sources other than taxation:		
Dog licenses (1947)	$401 06	
Elementary school tuitions	322 12	
Secondary school tuitions	7,289 75	
Income from local trust funds	600 00	
Sale of property	1,180 55	
Other receipts	562 38	
		$10,355 86
		$80,484 83
Cash on hand at beginning of year, July 1, 1947		93 76
		$80,578 59

Payments

	Totals
Administration	
Salaries of district officers	$280 16
Superintendent's excess salary	1,266 67
Tax for state wide supervision	786 00
Expenses of administration:	
Clerical assistants	$689 85
Supplies and Expenses	789 63
Instruction:	
Principals' & teachers' salaries	$45,401 91
Text books	1,733 40
Scholars' supplies	2,755 43
Other expenses of instruction:	
Supplies	$746 56
Operation of School Plant:	
Janitors' salaries	$3,392 71
Fuel or heat	2,400 35
Water, light, janitors' supplies	1,654 33
Repairs and replacements	4,397 13

Auxiliary Activities:		
Health Supervision:		
Salaries	$1,225 00	
Supplies and expenses	27 19	
Transportation:		
Contract services	$9,173 04	
Other activities:		
Food	$84 88	
Fixed Charges:		
Insurance	$1,212 89	
State Retirement and other	1,178 67	
Capital Outlay:		
New Equipment	$670 03	
Debt, Interest and other Charges:		
Payment of bills from previous year	$197 57	
Total Payments for all purposes		$80,063 40
Total cash on hand at end of year 6/30/48		515 19
Grand Total		$80,578 59

Balance Sheet, June 30, 1948

Assets

Cash on hand	$515 19	
Accounts due district:		
Tuition, Odell	75 00	
		$590 19

Liabilities

Accounts owed by district:		
Blue Cross, July and Aug.	$76 50	
Supervisory Union	10 00	
Employees' Retirement System	56 76	
		$143 26
Surplus (Excess of Assets over Liabilities)		446 93
		$590 19

Auditors' Certificate

This is to certify that we have examined the books and other financial records of the school board of Peterborough, N. H. of which this is a true summary for the fiscal year ending June 30, 1948, and find them correctly cast and properly vouched.

July 29, 1948

C. Report of District Clerk

At a meeting of the inhabitants of the School District of Peterborough, qualified to vote in District affairs, holden at the Town House in said District on Tuesday the ninth day of March, 1948 at 8:30 o'clock.

The meeting was called to order by the Moderator, Maurice H. Blodgett, who read the Warrant and proceeded with the business as follows: Voting by the Australian Ballot system from 8:30 A. M. to 12:30 P. M., and the following District Officers were elected—Moderator, Maurice H. Blodgett—Clerk, Helen A. Keenan—Treasurer, Robert W. Derby—School Board Member for three years, Elinor Blodgett—Auditors, Clarence Greenie and Vernon Towle.

Under Article Five the following motions were presented by Mr. Shultz and passed without discussion.

Moved: That the salary of the Moderator be Five Dollars ($5.00).

Moved: That the salary of the Clerk be Five Dollars ($5.00).

Moved: That the salary of the Treasurer be Fifty Dollars ($50.00).

Moved: That the salary of each School Board member be Fifty Dollars ($50.00).

Moved: That the salary of the Census Taker be Thirty-Five Dollars ($35.00).

Moved: That the Truant Officer be paid on the basis of his expenses as determined by the School Board.

It was voted to accept the reports of the Treasurer, clerk and auditors as printed.

Mr. Gooch, Chairman of the Consolidated School Committee, acting under article 7, moved that the Committee be continued another year. This motion passed. Under Article 8, Mr. Shultz presented the following motion:

Moved: That the School District raise and appropriate the sum of Seventy-one Thousand, One Hundred and Seventy-Two Dollars ($71,172.00) for the support of the Schools for the coming Fiscal Year 1948-1949. Mr. Schultz explained the different amounts asked for in the budget, and after some discussion the motion was passed. Under article 9 the following motion presented by Mr. Shultz was passed:

Moved: That the School District appropriate from the accrued interest of the Nichols Fund the sum of One Thousand Dollars ($1,000.00) for the purchase of new equipment. Under Article 10 the following motion was presented by Mr. Shultz:

Moved: That the sum of Twenty-Seven Hundred Dollars ($2,700.00) be raised and appropriated for the construction of a playground and parking area in the rear of the High School.

Mr. Morse explained the plans for this project and after some discussion the motion was amended as follows—with the addition that plans and specifications be prepared and submitted to open competitive bidding. This amendment was accepted, and the motion passed as amended. Under Article 11, the School board presented the following motion:

Moved: That the District raise and appropriate the sum of Three Thousand Dollars ($3,000.00) for a more complete physical education program. After some discussion the following amendment was presented by Ellsworth Bunce. That the School Moderator appoint a co-ordinating committee of Three, representing the Town Playground Committee and the Teen-age Committee to work with the School Board in the interest of a physical education program. The amendment was accepted, and the motion passed as amended.

Under Article 12, no motion was presented, and upon motion of Mr. Keenan, it was voted to indefinitely postpone any action upon it. This did not please many of the voters, and upon motion of Mr. Matthew Cavanaugh it was voted to re-consider this article. A motion was then presented by the School-board that the District raise and appropriate the sum of Three Thousand Dollars ($3,000.00) for facilities and personnel for a School Lunch Program. After some discussion an amendment was presented changing the $3,000.00 to $1,000.00 as it was thought that the fee of 20¢ charged each child for its lunch, plus Nine Cents given by the Federal Government, enough money could be obtained to finance the program. The amendment was accepted and the motion passed as amended.

Article 13—This article was taken up after Article 8, as it was thought that the amount of money involved in this article, if appropriated, would have some influence upon other articles in the Warrant. Under this article the Special School Committee headed by Mr. Keenan, presented the following Motion:

Moved: That the District vote to raise and appropriate the sum of Ten Thousand Dollars ($10,000.00) for the repair, alteration or remodeling of the Central grade school Building as recommended by the Special School Committee. It is further moved that the District borrow the sum of Fifteen Thousand Dollars ($15,000.00) and appropriate the same, and the School Board are hereby authorized to issue serial notes of the District, bearing interest, not exceeding three per cent per annum, Three Thousand Dollars of said serial notes to become due and payable on the First Day of November 1949, and the remainder to be paid in equal amounts, or as nearly equal as possible, on the First day of November there after until the total is paid. Interest payable semi-annually on the First day of May and 1st day of November of each year. The Principal and interest shall be payable at the First National Bank of Peterborough. Mr. Keenan read the report of the Committee, and explained the repairs and improvements contemplated at the Central

School. After some discussion in which the speakers discussed the relative merits of oil burners, sprinklers in the building, and fire proof materials in the halls and stairways, the motion was passed.

Under Article 13, it was further moved that the District is hereby authorized to use the sum of Five Hundred Dollars ($500.00) appropriated at the last annual School District Meeting, March 11, 1947 for use of the Special School Committee, or so much thereof as may be necessary for payment of any interest that may become due on serial notes or temporary loans in the year 1948-1949. Also moved under this article that the present re-modeling Committee be continued for the ensuing year, and be charged with the supervision of remodeling authorized.

No Action taken under Article 14.

Record of ballot for School District Officers—Moderator, Maurice Blodgett 524 votes, Earl Shultz 1 vote; District Clerk, Helen A. Keenan 523 votes; District Treasurer, Robert Derby 521 votes; School Board Member for 3 Years, Elinor Blodgett 512 votes, Theodore Gunn 1 vote, Mary Morse 1 vote; Auditors, Vernon Towle 514 votes, Clarence Greenie 491 votes. Meeting was adjourned at 4:30 P. M.

HELEN KEENAN, Clerk

D. Return of District Revenue, 1948

Support of Schools:		
School Board budget of necessary exp. of Instruction, Operation and Special Activities		$77,558 00
Other Statutory Requirements:		
Salary of District officers	$230 00	
Truant officer and school census	50 00	
Local share of superintendent's salary	1,266 67	
$2 per capita tax for supervision	786 00	
Other obligations imposed by law or established by dist. (Rent, administration, ins., retirement)	4,106 33	
		$6,439 00
Special Appropriations		
For facilities and personnel for a school lunch program	$1,000 00	
Construction of a playground and parking area at high school	2,700 00	
New equipment	1,000 00	
Repair, construction or reconstruction of Central School	10,000 00	
		$14,700 00

Total amount of school board's budget and special appropriation made by district		$98,697 00
Deduction for estimated income of dist. from sources other than current taxation:		
Balance June 30, 1948 (Estimate)	$000 00	
State Aid Dec. 1948 allotment	4,720 00	
Federal Aid (Estimate)	400 00	
Dog Tax (Estimate)	400 00	
Elem. and High School Tuition Receipts (Estimate)	7,275 00	
Other Estimated Income & Income from Trust Funds	1,030 00	
		$13,825 00
Amount to be raised by taxation for budget & appropriation		$84,872 00

Authorization to Incur Debt:

For Repair, Construction or Reconstruction of Central School	$15,000 00

Certificates

I certify that the above is a correct statement of the obligations authorized, and the amounts to be assessed to meet statutory requirements made at the annual meeting of the Peterborough School District held March 9, 1948.

March 24, 1948

s/ Helen A. Keenan
Clerk of the School District

To The State Board of Education:

I certify that the above is a correct statement of the financial proceedings of the district for the school year 1948-49, and that copies of this statement have been filed with the chairman of the board of selectmen and entered in the records of the school board in accordance with N. H. Revised Laws Chapter 139, Section 19.

March 23, 1948

s/ Winslow C. Morse
Chairman of the School Board

E. School Board's Estimate for 1949-50

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1949.

Expenditures

Support of Schools:		
Salaries of teachers & principals	$54,000 00	
Books & other instructional aids	2,435 00	
Scholars' Supplies	2,930 00	
Other instructional expenses	1,000 00	
Salaries of Janitors	4,000 00	
Fuel or Heat	3,400 00	
Water, Light, Supplies & Expenses	1,600 00	
Repairs & Replacements	4,600 00	
Health Supervision	1,500 00	
Transportation	9,400 00	
Totals		$84,865 00
Other Statutory Requirements:		
Salaries of District Officers	$265 00	
Superintendent's salary (local share)	1,039 00	
Tax for State Wide Supervision	842 00	
Retirement	1,693 00	
Payments of Principal of Debt	3,000 00	
Payments of Interest on Debt	236 00	
Other Obligations	2,184 00	
		$9,259 00
Total amount required to meet School Board's Budget		$94,124 00

Income

Cash on hand, July 1, 1949	$303 00*	
Federal Aid	1,300 00	
State Aid	5,000 00	
Elementary School Tuitions	450 00	
High School Tuitions	9,450 00	
Total		$16,503 00
Assessment required to balance School Board's Budget		$77,621 00
Special Appropriations Proposed: (Articles in Warrant)		
School lunch equipment	$800 00	
Physical education	3,000 00	
Addition to High School	10,000 00	
		$13,800 00
Total Assessment Required to Cover Budget and Appropriations		$91,421 00

*Reserved for payment of interest on serial notes.

SEVERAL ITEMS IN THIS BUDGET DESERVE COMMENT:

I. The estimate for teachers' salaries is based on the idea of keeping the same number of teachers as is employed this year and at salaries comparable to those in other schools in this area. The high quality of the present staff is generally recognized and appreciated and every reasonable effort should be made to have it continue.

II. The increase in the estimate for fuel costs from $2,825 in 1948-49 to $3,400 is due to the change from coal to oil at the Central School plus gas for cooking in the lunch program.

III. The item for Repairs and Replacements has been set at $4,600 as compared with $2,800 in last year's report in an effort to bring the building and equipment back into reasonable condition. For example, (a) a survey of the sewing machines in the Home Economics department showed several to be beyond repair and in urgent need of replacement, (b) the moving picture projector is badly worn, causes much trouble and should be replaced, (c) in spite of some recent replacements, we still have 9 prewar typewriters in the Commercial Department that it is unwise to retain longer, (d) the one piece of playground apparatus at the Central School, a jungle gym, is broken and unsafe and should be replaced, (e) many of the pupils' desks at the high school are so badly worn as to make further repairs uneconomical, (f) the basement floor at the Central School is very rough and badly in need of smoothing up and painting, (g) the equipment in the Home Economics Laboratory is in need of remodeling if the instruction is to meet modern requirements, and (h) windows at both buildings and roof and walls at the high school need immediate attention.

Next year funds should be provided for shingling and outside painting at the Central School, if not taken care of this year.

IV. The increase in the Federal Aid estimate from $400 to $1,300 is due to the introduction of the Trades and Industry course this year.

V. The increase in the expected income from tuitions over last year is due to the increase in (a) the number of pupils and (b) the high school tuition rate from $125 to $135.

VI. Some explanation of the special article requesting $3,000 for physical education seems to be in order.

At the District meeting in March 1948 the School Board presented a motion to raise and appropriate $3,000 for a Director of Physical Education. This was defeated and a motion was passed that the moderator appoint a committee of three from the Adams Playground committee and the Teen Age Activities committee to work with the School Board to make a study of this matter. The Moderator appointed Mrs. Dorothy C. Morris and Mr. Walter H. O'Malley from the Playground committee and Chief Picard from the Teen Age committee.

As a starter inquiries were addressed to the School Superintendents in a dozen other New Hampshire towns and cities and replies showed that with few exceptions all had some type of director of physical education, although different terms were used, including Physical Education Instructor, Director of Youth Recreation, and Director of Physical Education and Athletics. The cities had separate directors employed by the Town and by the Schools. The towns, (all somewhat larger than Peterborough) used but one individual, generally employed by the schools during the school year and by the town during the summer, with each paying a portion of the annual salary.

Examples: Exeter—Physical Education Instructor—handles physical education at all schools and supervises playground in summer—receives $3,400 from School District and $500 from Town.

Colebrook—Director of Recreation—directs athletics, recreation, physical education at all schools, plus playground and swimming in summer—$1,600 from School District and $1,600 from Town.

From the committee discussions that followed the following statements seem justified:

(1) Peterborough's schools have had no broad program of physical education or youth recreation for some years; the School program has been limited to some coaching of athletics and routine gym.

(2) The Town has had no broad program for Youth recreation; its program has been limited to operation of the Adams Playground in the summer and a small share in assisting at the Swimming Pool.

(3) While a number of organizations have done fine work along youth activity lines, such as the Churches, The Boy Scouts, The Girl Scouts, The Teen Age Activities, and the Golf Club, there has been overlapping of effort, and only a very small portion of Peterborough's excellent facilities has been continuously utilized.

Miss Grace Felker, State Supervisor of Physical Education and Mr. Waldo R. Hainsworth, Field Representative of the National Recreation Association both assisted the committee with suggestions based on their years of experience in this field. They concurred that Peterborough had a wealth of facilities so there was no immediate need of expenditures on additional facilities or equipment; that education for youth is not complete without physical education; that the broad term physical education covers all sports, athletics and youth recreation; that Peterborough could well include baseball, football, track, basketball, field hockey, tennis, golf, fishing, hiking, skiiing, square dancing, etc.; and that no one individual

could give instruction to all school pupils in all these branches, but one person could give leadership so that with assistance from other groups, individuals, and property owners, a program could well be organized that would cover these branches and bring Peterborough youth a wealth of education presently neglected.

In the light of these conclusions the Committee makes the following recommendations;

1. That a qualified man be employed by Peterborough at a salary not to exceed $300 per month, to be borne proportionately by the District and by the Town, as Director of Physical Education.

2. That this director be responsible to the Superintendent during the school year and to the Adams Playground committee during the summer months.

3. That the Director have charge of all physical education and athletics at the schools organizing such suitable and varied sports as to allowing every pupil in the school to have opportunity to participate in one or more sports.

4. That the Director have charge of Teen Age Activities in the community, and that working with the present Teen Age Activity committee, and in cooperation with the schools he organize and expand their present program into a continuous program throughout the school year.

5. That the Director organize and have charge of activities at the Adams Playground during the summer months, as well as the Swimming Pool, if the latter is to be operated by the Town.

6. That the Teen Age Activity committee cooperate with the Director and furnish financial aid from its funds for certain activity expenses.

7. The need for the addition to the high school is discussed in Part III of this report.

PART V. CHILD ACCOUNTING AND STATISTICS

A. Promotion to High School

The following 42 pupils were promoted to high school in June 1948:

Patricia E. Bailey, Wilfred Brassard, Carrol L. Brooks, Mary E. Bunce, Richard C. Buxton, Leo G. Caisse, Vera Chamberlain, June G. Colburn, Ralph I. Coulter, Sally A. Crowell, Russell A. Dodge, Nancy J. Eaves, Annette George, Mary L. Giard, John N. Harris, Judith A. Harris, Muriel E. Hopkins, Carl I. Ingelstrom, Kathleen L. Jenne, Lawrence A. Kimblen, Thomas Lawrence, Sally E. Le Blanc, Joan L.

Marquette, Philip F. Martus, David C. Morse, Suzanne J. Murray, Jean I. Myhaver, Phyllis H. Myhaver, Shirley A. Nye, Richard Odell, Patricia J. Packard, Shirley E. Parker, Richard A. Parks, Ruth E. Putney, Jane E. Reynolds, Mary J. Ryan, William Sangermano, Marjorie A. Simonetta, Cynthia Sumner, Dean B. Westover, Janet E. Wheeler, and Janet M. Wyman.

B. High School Graduates, June 1948

Thirty-six students graduated from Peterborough High School in June 1948:

Jarvis Adams, Arlene Calkins, Charles Carr, Barbara Chouinard, Ruth Donovan, Catherine Glidden, Richard Goodwin, Barbara Griswold, Irene Guyette, Donald Hurlbut, Janet Larrabee, Vera Larson, Eleanor Lavendar, *Leo Ledgere, Marie Leonard, Ida Lussier, Merton McCoy, Dorothy McLaughlin, Ernest McLean, Gordon Miller, John Myhaver, Martin Niemela, James Parker, Norman Petts, Peter Proctor, Robert Rajaniemi, Joan Rodger, Viola Sangermano, Violet Sangermano, Pauline Santala, Marguerite Smith, Bruce Webb, Wayne Webb, George Weston, Eunice Wilson and Anastasia Yakovakis.

*Diploma granted on basis of partial credit from United States Armed Forces

The following conclusions which Headmaster Faunce draws from these facts deserve our careful consideration.

"Following a study of the above tables, I am led to make the following comments:

"Secondary education has too long been handicapped by the tradition that it is most respectable only when it is preparing its pupils for institutions of higher learning. Many in our own community harbor this attitude. The table quite clearly indicates that we are not accomplishing that end, have not for some time and doubtless will not in the years to come. Whereas a quarter of a centruy ago only those attended high school whom we might now term as "the cream of the crop," today secondary schools are getting the poorer student along with the good. In a truly democratic society where the rights of all citizens are equal, it becomes our duty to assure each normal adolescent the right to that type of education which best fits him for life. All youth needs to develop salable skills and those understandings and attitudes that make the worker an intelligent and productive participant in economic life. To this end they need supervised work-experience as well as formal education in the skills and knowledge of their occupation. How well are we meeting these needs as revealed by the foregoing table?

1. We are sending to college and specialized training schools 37% of our graduates as compared with a state average of 24%.

2. Approximately 36% of our girls are securing positions of a clerical nature.

3. A comparatively small percentage of our girl graduates are finding difficulty in locating desirable work commensurable with their particular type of training.

4. 43% of our male graduates appear to be having difficulty in securing a position for which special training is necessary. This group is composed of those who have had to be satisfied with general work or odd jobs in the community until such time as they had gained the necessary training on the job to become a valuable employee and a stable member of our local society.

Considerable thought should be given to the best method of meeting the needs of this latter group in our school. It is my conviction that relief for them can come only through an expanded and sensible shop program.

The function of the general shop is to provide facilities for a wide range of activities to acquaint pupils with a number of the industrial arts such as auto mechanics, sheet metal, machine shop practice, wood working, electrical trades, plumbing, masonry, etc. A shop carrying on such a program requires specialized equipment and sufficient space or area in which to function efficiently. It is necessary that special consideration be given to the safety of pupils as well as to the teacher. It should be acoustically treated and isolated so that noise will not disturb other school activities, and should have a minimum of 75 square feet of floor space per pupil. Adequate storage space for tools, supplies, and materials should be provided convenient to the work area; and student's room should have private access to a lavatory and locker facilities.

Not too much additional equipment is necessary to enable us to meet our needs for such an expanded program, but present floor or working space is sorely inadequate. (Present floor area allows but 39 square feet per pupil not including the 50% of that space occupied by benches and machinery.) Storage space is now located in the shed in rear of the building, and no provision is made to accommodate inside work on cars in auto mechanics. Actually we are now attempting to teach all phases of a modern shop course in a room originally designed for the instruction of junior high school classes in manual training.

In consideration of the foregoing, I seriously recommend action to meet a problem which deprives many of our youth of proper training."

D. Statistics for the Year Ending June 30, 1948

	High	Elem.	Total
Number of pupils registered	167	325	492
Average number of half-days schools were in session	345	345	345
Average membership	159.89	298.20	458..09
Average attendance	152.44	279.93	432..37
Aggregate number half-days all pupils were in school	52,568	96,575	149,143
Per cent of attendance	95.32	93.87	94.39
Average number of half days each pupil was in school	344.84	345.00	344.94
Average number of tardinesses per pupil	1.78	.73	
Non-resident pupils	62	9	71
Pupils transported at dist. exp.	40	155	195

A comparison of some of the above figures with those of last year is of interest. The number of pupils in Peterborough schools in 1947-48 was approximately 5% greater than in 1946-47. This means that enough more instructional service was offered last year over that of the previous year to be equivalent to giving 20 pupils instruction for a full school year.

Another fact which has influenced transportation costs is the increase in the number of pupils transported from 162 in 1946-47 to 195 in 1947-48.

E. Census

September 1948

Ages Sept. 1, 1948	Number of Children
Birth to 1 yr. of age	25
1-2	54
2-3	45
3-4	25
4-5	29
5-6	38
6-7	32
7-8	33
8-9	33
9-10	30
10-11	27
11-12	30
12-13	36
13-14	30
14-15	36
15-16	27

The significance of these figures is discussed in another part of this report (Part III—School Plant).

PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. School Lunch Program

On October 25, 1948 the newly oganized school lunch program started at the Central School with about 165 pupils participating. The lunches served are balanced meals providing 1/3 of the daily nutritional needs of the child. This program has been made possible largely by the determined effort of the Parent-Teacher Association which sponsored money-raising activities to supplement the district's appropriation of $1,000. Each pupil is charged 20 cents for a meal and the district gets a

federal reimbursement of 9 cents for each meal served. Operational costs are met from these two sources. Locally purchased foods are supplemented by donations of food from the U. S. Dept. of Agriculture from whom to date the following free foods have been received.

2 cases Orange Juice 148 lbs.
5 cases dried Apricots 135 lbs.
23 cases Applesauce 840 lbs.
3 cases Honey 180 lbs.
14 cases Dried Milk 462 lbs.
5 cases dried Prunes 155 lbs.
9 cases Cheddar Cheese 342 lbs.
27 cases Tomatoes 756 lbs.
57 bags Potatoes, 5,700 lbs.

This makes a total of nearly 4½ tons of food we have received at a total expense of the transportation cost from Concord N. H. to Peterborough. As this goes to press, several cases of raisins and 7 more cases of cheddar cheese are expected.

Several teachers have commented on the change in many of the pupils for the better due to the operation of this program. Many of them are much more alert in the afternoon and have a general appearance of better health.

The inauguration of this program in Peterborough will mean a great deal in the way of better health and better educational opportunity for the boys and girls of this community. It is hoped that soon additional funds will be made available for the purchase of additional equipment and to provide additional facilities so that the high school pupils may participate in the program.

B. Report of the School Health Work

THEODORE H. LEE, M. D.—Medical Inspector

OLA H. MYHAVER, R. N.—School Nurse

The following report is a summary of the Health activities at the Peterborough Public Schools from Jan. 1948 to Jan. 1949.

Before the physical examinations were made by Dr. Theodore H. Lee a disease census card was requested for each child entering school. Physical examinations of students were made by Dr. Lee, medical inspector of Peterborough Public Schools.

Heights and weights of students were recorded by the school nurse.

Vision and Hearing tests were made by the school nurse.

The Mass. Vision test is being used to conduct the vision tests for the first time. This test is far superior to other tests used in the schools. The Maico Pure-tone audiometer is used to test hearing and is a great improvement over the group tests.

Recommendations have been made for exclusion from school of ill children and especially children having symptoms of communicable diseases.

Defects of children have been followed up by notices to parents, interviews and home visits by the nurse, when necessary. Corrections of defects have been made and assistance given through:

(a) Dental clinics by Dr. Lawrence and Dr. Kyes. (Sponsored by the C. S. H. Fund Com. & parents.)

(b) Dental care by own dentist.

(c) Vision tests by specialists—fitting or re-fitting of glasses, if necessary. The Department of Public Welfare and C. S. H. Fund Com. & parents assisting.

(d) Operations for removal of tonsils by own surgeon.

(e) Visits to own physician when necessary for consultation.

Health Projects and activities:

(a) Arrangements for attendance at clinics by the school nurse.

(b) Inspection by the class room teacher. In grade 4 a Health book has been made. This project covers various health methods.

(c) Tuberculin skin tests (patch) were administered by Mrs. Mildred Aiken R. N. assisted by the school nurse. If necessary chest X-ray by Mr. Alden was taken later as follow-up. This year (1949) we plan to give the test to students at Central School, to all Freshmen and to X-ray chests of all juniors. The consent of the parent is always obtained before any student is sent to this or any clinic. (Sponsored by State Tuberculous Association State Board of Health and local board of Education.) Service of Cod Liver Oil was continued at Central School (sponsored by C. S. H. Fund Com. & parents).

In March an Assembly at Peterborough High School was given over to a dental program. Two pictures were shown "Care of the Teeth" and "Winkie, the Watchman"—The latter in technicolor. Dr. S. Shirley Dwyer, Dental Consultant—State Board of Health gave a very interesting talk. This program was for Central and Jr. & Sr. High School students. Mrs. Clark, chairman of the C. S. H. Fund Com. was chiefly responsible for this program made possible by the C. S. H. Fund.

In June children who expected to enter school for the first time in Sept., were given a physical examination by Dr. Lee in the presence of their parents or representatives. This enabled parents to know about their children's defects and have an opportunity to correct them before school opened in the fall. Thirty-four children were examined. In June a Public Health Clinic was held in the town house sponsored by the State Board of Health, under the direction of Mrs. Marie Fahey,

R. N. assisted by the school nurse. At this clinic Mrs. Clare Hamilton assisted Dr. Lee, Mrs. Fahey and Dr. Mason. Mrs. Aiken administered the Tuberculin test, as desired. Toxoid and vaccination administrations were also given.

We have complied with the laws and regulations of the State Board of Health in exclusions from school children with mumps and chicken pox.

Records and equipment:

(a) A disease census card for each new entrant.

(b) A health card for each student.

(c) A class room physical growth chart.

(d) First-aid cabinets equipped to care for minor injuries.

Meetings attended by the school nurse:

Public Health Nurse's meeting, Keene, N. H.

Teacher's Institute, Keene, N. H.

Teacher's Convention, Concord, N. H.

Health and Physical Education work shop, Peterborough, N. H.

Talk by Dr. Fuller, former State Commissioner of Education, Dublin, N. H.

At this time the School Health department wishes to express its appreciation to the the Supt. of Schools, Board of Education, and Board of Health (local and state), teachers and principals for their help and to thank the dentists, doctors, nurses and chest X-ray technician, and the Dept. of Public Welfare consultant for assistance. Several organizations and individuals besides contributing to the Community Student Health Fund have given special gifts for hot lunches at Central School. Clothing, shoes and overshoes have also been given. To all contributors to the C. S. H. Fund we give especial thanks as well as to individuals and the Samaritan Society, the Salvation Army and the Legion Aux. Unit No. 5, for their help.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Peterborough, qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the eighth day of March 1949, at 8:30 o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will vote to authorize the school board to construct an addition to the high school and to raise, borrow and appropriate money for the same, or take any other action relating thereto.

10. To see what sum of money the district will vote to raise and appropriate for the repair, remodeling or reconstruction of the Central Grade School Building, or take any other action relating thereto.

11. To see if the district will vote to raise and appropriate the sum of $800 for the school lunch program, or take any other action relating thereto.

12. To see if the district will vote to raise and appropriate the sum of $3000 for the employment of a director of physical education, or take any other action relating thereto.

13. To see if the district will vote to appropriate the sum of $600 from the Nichols Fund for the purchase of new equipment, or take any other action relating thereto.

14. To see if the district will vote to raise and appropriate a sum not to exceed $23,170.90 as a capital reserve fund for the construction, reconstruction or acquisition of school buildings, said funds to be placed in the custody of the trustees of trust funds and reserved for the construction, reconstruction or acquisition of school buildings in accordance with the Laws of 1943, Chapter 160 as amended by the Laws of 1945, Chapter 35 and Laws of 1947, Chapter 8.

Given under our hands at said Peterborough this twenty-first day of February, 1949.

s/ Winslow C. Morse
s/ Earl N. Shultz
s/ Elinor C. Blodgett

PETERBOROUGH HYMN

Ap. 18, 1930

God our Father!
Glory, Lord, to Thee!
Before whose voice
Is cause the heav'ns and
Through wind and foam
Thou lead'st us home—
To Thee be glory through eternity

Lord, hunger and cold are nigh!
Lord, not for ourselves we cry—
Let not our children die:
Succour your lead—Jesus
God is our shield from harm—
Be we make strong our arms
Christ, who hath called the brave,
Christ will uphold the brave
Christ, our Saviour!
Father of our Faith!
To Thee we bring hearts and failing breath:
Be Thou our Guide!
With Thee we hide,
In love, in labor, and in hope till death!

Howard MacDonell
